

PRASHANTH KUMAR UDUTHA

Hyderabad, Telangana — +91 8897866791 — prashanth.udutha143@gmail.com

Professional Summary

Aspiring Software Developer with strong foundational knowledge in Frontend Development, Core Java, and SQL. Experienced in building responsive web applications, implementing backend logic using object-oriented programming principles, and managing relational databases. Possess strong analytical, debugging, and problem-solving skills with the ability to learn new technologies quickly and adapt to dynamic work environments.

Technical Skills

Web Technology – HTML5, CSS3, JavaScript

- Developed responsive and user-friendly web interfaces using semantic HTML and modern CSS.
- Implemented dynamic functionality using JavaScript including DOM manipulation and event handling.
- Applied form validation techniques and improved UI/UX consistency across pages.

SQL

- Designed and managed relational database schemas.
- Performed CRUD operations using SELECT, INSERT, UPDATE, DELETE with joins and constraints.
- Optimized queries for better performance and ensured data integrity.

Core Java

- Strong understanding of Object-Oriented Programming (Encapsulation, Inheritance, Polymorphism, Abstraction).
- Implemented collections framework, exception handling, and multithreading basics.
- Developed database-driven applications using JDBC connectivity.

Projects

Personal Portfolio Website

- Designed and developed a fully responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented interactive navigation menus, dynamic content rendering, and optimized layout structure.
- Enhanced user experience through clean UI design and structured code organization.

Student Management System (Core Java + SQL)

- Developed a console-based application implementing full CRUD operations.
- Integrated SQL database using JDBC for real-time data storage and retrieval.
- Applied modular programming practices ensuring maintainable and scalable code structure.

Professional Experience

Singareni Collieries Company Limited, Ramagundam

Apr 2021 – Apr 2022

Overman

- Supervised underground mining operations ensuring strict adherence to safety regulations and operational standards.
- Maintained production data, prepared analytical reports, and monitored workflow efficiency.
- Coordinated with cross-functional teams to improve operational productivity.
- Identified process inefficiencies and implemented corrective measures to enhance output.

Singareni Collieries Company Limited, Ramagundam

Feb 2019 – Mar 2019

Project Trainee

- Assisted in planning and execution of mining-related projects.
- Monitored daily productivity metrics and supported documentation processes.
- Collaborated with supervisors to ensure timely project completion.

Education

M.Sc. Psychology – Dr. B.R. Ambedkar Open University	2025
56.5%	
B.Com – Government Degree College	2021
CGPA: 6.26	
Diploma in Mining Engineering – Mother Theresa College of Engineering & Technology	2019
65.29%	
SSC – Pragathi High School	2013
53%	

Core Competencies

Frontend Development — Backend Development — Database Management — Object-Oriented Programming — Problem Solving — Debugging — Analytical Thinking — Team Collaboration — Adaptability — Continuous Learning
